

Shine with Radiance!

ILS Radiance Cabinets offer a unique approach to dental operatory design. Island and rear treatment cabinets feature LED illuminated frame front window inserts which create a dramatic elegant look. A curved sculpted midsection and side panels enhance the appeal of this traditional yet modern design.

12 o'clock cabinets

- 1" solid surface
- Soft close doors and drawers
- Unique styling curved panels for bottom/middle/top cabinets
- Frame front upper cabinets with Plexiglass windows; optional Lumicore resin inserts/panels
